

Print on preprinted letterhead or forms

How do I?

Print on preprinted letterhead or forms

NOTE: To obtain best results, select the correct paper size and type in the printer driver before printing.

Steps to perform

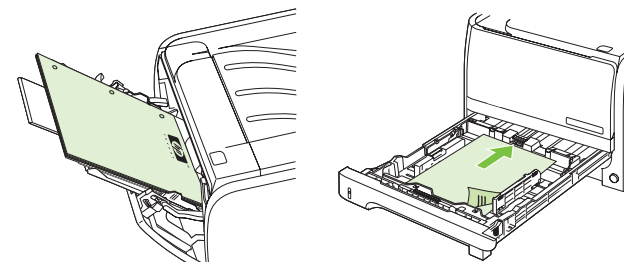

1 Load media input tray. Use only letterhead or preprinted forms approved for use in laser printers.

Tray 1

- Face-up
- Top edge leading into the product

Tray 2

- Face down
- Top edge at the front of the tray

2 Open the printer driver and click the **Paper/Quality** tab.

3 Select **Preprinted** from the **Type is** drop-down list.

4 Click **OK**.
